

REBUILD-IT with the Professionals

RSG Premium Drive Rebuild

Choose Rebuild-it to rebuild your next clarifier drive unit. RSG's has two major rebuild shops within the U.S. that have rebuilt over 250 drive units. There is a reason our customers come back to us for their next drive rebuild. We take pride in making sure your drive will last another 20-30 years. We only use OEM parts with numerous inspections during the rebuild. RSG is the only company that specializes in clarifier drive rebuilds ensuring our customers of the best rebuild possible.
